Copy 3 of 8

4 November 1958

MEMORANDUM FOR: Deputy Director (Intelligence)

SUBJECT: Use of Collateral by the Photographic
Intelligence Center

1. The Data Management Division, PIC, has compiled selected statistics which might be of interest to you, and which are not reflected in the same manner in other reports periodically submitted to you.

2. The first, which shows the number of missions received on a calendar year basis by type, is as follows:

25X1X4

	<u>1956</u>	<u>1957</u>	<u>1958*</u>	<u>Total</u>
	11	22	6	39
	38	19	49	106
	0	0	4	4
	<u>0</u>	<u>0</u>	<u>33</u>	<u>33</u>
Total	49	41	92	182

*Note: Figures are as of 1 October 1958, which represents only 75% of the year

3. The photo intelligence projects, and work involved in coping with this input, have required a dramatic utilization of collateral; the preponderance of which was received from OCR. The attached compilation comparison of FY '57 and '58 are indicative of this activity.

4. Please return the attachment at your convenience.

CONTROL SYSTEM ONLY

ARTHUR C. LUNDAHL
Director,
Photographic Intelligence Center
